

1.61 LONDON

INTERIOR DESIGNER

1.61 London are a luxury interior design house and property development firm; we are working on a number of unique and prestigious sites throughout the UK and the world which includes LA, Singapore and Riyadh.

We are seeking a senior Interior Architect to come into our design team.

The role will require the following key areas:

1. GA/GA FF&E – Senior IA alongside our Head of FF&E
2. Base Build Plans – Senior IA
3. Key Elevations – Senior IA
4. Handover to pricing team with full tender packs

We would like to employ someone who is knowledgeable and capable, has a good understanding of all the different levels of building and design, and the ability to be personable with clients, and builders alike. You will work in tandem with our creative designers, and you will be precise with your work.
